

Band Camp Driving Policy

- (1.) Students should ride the bus to camp unless there are extenuating circumstances such as:
 - A student is required to leave camp early or arrive late due to an appointment, ect.
 - A student lives in a location that is substantially closer to camp than the school.

- (2.) All students who drive to camp must bring a written note from their parent/guardian granting permission to drive to camp, stating the reason they should be given an exception to the rule, and providing a parent/guardian phone number to be used to verify the authenticity of the note. All notes will be verified. If a student is leaving early/arriving late, please indicate times on the note.

- (3.) Students who drive may only transport themselves and their siblings to camp.

- (4.) Students who drive will turn in their car keys to the music booster upon arrival. They will get them back when they leave.

- (5.) Students will only be permitted to drive away from camp at the conclusion of the camp day or at a time specified on their permission note.

- (6.) Students who drive to camp without a permission note will have their keys held until a permission note is obtained.

- (7.) Parent/guardian drop-offs/pick-ups at camp are permitted, so long as:
 - Parents/guardians wait with their students until the band staff arrive at camp.
 - Parents/guardians are on-time for pick-up.
